TENTATIVE TOWN WARRANT THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Tamworth in the County of Carroll in said State qualified to vote in Town Affairs:

You are hereby notified to meet in the Tamworth School House on Tuesday, March ninth (9) next. The meeting will be in two parts:

I. In order that the following article may be legally voted on by Australian ballot, you are hereby notified that the polls will be open for this purpose from 2 P.M. of the clock on said Tuesday, March 9.

Article 1. To elect all necessary Town Officers for the ensuing year.

II. The meeting will reconvene at 7 P.M. in said School House to see what sums of money the Town will raise and appropriate for the following purposes and to transact any other business which may legally come before the meeting.

Article 2. To see what time the polls shall be closed.

Article 3. Maintenance of General Government

Article 12. Lakes Region Association	
Approved by Finance Committee	\$258.41

Article 13. To see what sum of money the town will raise for principal payments on long term notes.

Approved by Finance Committee	\$3,921.56
-------------------------------	------------

Article 14. Interest of all Kinds	
Approved by Finance Committee	\$728.81
Temporary Loans	200.00
Long Term Notes and Bonds	528.81
	<hr/>
	\$728.81

Article 15. Perambulating Town Lines	
Approved by Finance Committee	\$150.00

Article 16. To see if the Town will vote to raise \$25 to be expended in cooperation with the New Hampshire Forestry and Recreation Commission for the opening and maintaining of trails and old roads for forest fire protection. The New Hampshire Forestry and Recreation Commission

to provide a matching sum not in excess of \$25 for this purpose.

Article 17. To see if the Town will vote to continue the Planning Committee for the coming year.

Article 18. To see if the Town will raise and appropriate the sum of \$1,000 to continue the work of mapping the town as carried on by the Planning Committee.

Approved by Finance Committee

Article 19. To see if the Town will authorize the selectmen to accept in the name of the Town the regulations submitted by Mr. Arthur Bolduc governing the sale and use of land in the Bolduc Development on Route 16.

Article 20. To see if the Town will raise and appropriate the sum of \$2,200 as the initial payment on a replacement for the Cleveland Hill bridge. The remainder to be raised as follows:

	Principal	Interest
1966	\$2,200.00	\$66.00
1967	\$2,200.00	\$66.00

Article 21. To see if the Town will vote to discontinue that portion of old route 113A between stations 15855 and 15005.

Article 22. To see if the Town will raise and appropriate the sum of \$100.00 for care of trees.

Article 23. To see if the Town will raise and appropriate the sum of \$1500.00 for new construction on White Lake Road.

Article 24. To see if the Town will raise and appropriate the sum of \$500 to be used toward the expense of

celebrating the town's bicentennial and appoint a steering committee for the same.

Approved by Finance Committee

Article 25. To see if the Town will vote to mail the Town Reports to all tax paying families.

Article 26. To see if the Town will vote to make the office of Fire Chief a two year elective term.

Article 27. To see if the Town will adopt the following bylaw:

1. No unregistered motor vehicle which is no longer intended or in condition for legal use on public highways shall be located in public view from any public highway within the town.

2. Any person who shall violate the foregoing bylaw and any landowner or person in actual occupancy of land who after notice from Selectmen shall neglect or refuse to comply with the foregoing bylaw shall be fined \$10 for the use of the town.

Article 28. To see if the Town will raise and appropriate a sum of money not to exceed \$1000 to black top the circular driveway in the Chocorua Cemetery.

Article. 29. To see if the Town will vote to authorize the selectmen to borrow money in anticipation of taxes.

Article 30. To see if the Town will vote to authorize the selectmen to distribute inventory blanks on April 1st.

Article 31. To see if the Town will vote to authorize the selectmen to dispose of any property acquired through tax collector's deeds.

Article 32. To transact any other business that may legally come before the meeting.

REPORT OF THE FINANCE COMMITTEE

The Finance Committee meeting with the Selectmen reviewed all items of expenditure in the Town Budget. In every instance where explanation or supporting figures were required, the Selectmen had data and figures at hand. Your Committee appreciates their thorough preparation which enabled us to consider in detail each proposed expenditure - in a reasonable time.

Three expenditures need special remark. By consolidating all Town insurance policies under a comprehensive plan, a considerable saving will result. The Plan provides accident insurance for Town workers, motor vehicle and public liability protection, insurance on Town buildings, and insures the new fire truck and the fire house. More realistic coverage of the Town property has been secured. The Committee was unanimous in approval of the new insurance schedule, and approves the item of \$2887.68 for insurance and bonding.

The Committee received a preliminary report from the Planning Committee on the progress of the Mapping Project. It is this Committee's opinion that the work is essential and that direct and indirect benefit to the Town ultimately will more than offset its cost. The Committee voted approval of \$1,000 for the continuation of this work.

1966 is our bicentennial year. The Committee believes that the event should be properly celebrated. It is expected that once preliminary expenses are met, further Town expenditures will not be required. The Committee approved the sum of \$500 for the celebration of the bicentennial.

Further actions of the Committee appear as notes accompanying each article.

Respectfully submitted,
THE FINANCE COMMITTEE

REPORT OF PLANNING COMMITTEE

During the past year, the Tamworth Planning Committee has moved forward on three broad fronts: 1) Collecting data pertinent to long-range planning for the community; 2) Mapping as much of the town area as possible; 3) Watching current developments and attempting to safeguard the interest of the citizens of the town.

Tamworth Lakes Project: The Committee considers this a long-range project of considerable importance. Since the report of a year ago, flood control for the Bearcamp Watershed has been reactivated. At the present time, this work does not have a high priority. Further work on the Tamworth Lakes Project, which is part of the Bearcamp Control Program, requires surveys and test borings. If private capital should become available, progress on the Lakes Project would be greatly accelerated.

Hemenway Reservation: The fire warden has reported that over 7,000 people visit the reservation in a year, and that they come from considerable distances. The Committee has been working with the civic organizations in town to explore the possibility of adding a few attractions such as horseback and walking trails, picnic tables, and a nature trail.

Map Project: The Town voted \$750 for this project last year. Additional funds for the work of the Map Committee were made available by interested individuals and by the Tamworth Foundation. The Planning Committee met with representatives of the State Department of Resources and Economic Development and ordered the preparation of a base map of Tamworth (1,000 feet to the inch). This map with three transparent copies, called "overlays", was received in July. Various types of geo-

graphical information is being entered. All maps on file in the Town Offices have been classified. Field work extending over two and one-half months was done to gather new data and to verify uncertain property lines. This work has been directed by Alexander Chapman, a licensed engineer. Marian Spaulding, a professional draftsman, is entering this material on the base map. At this time, the mapping of approximately one-fourth of the town land area has been completed.

Soil and Standing Timber. At the request of the Committee, the United States Soil Conservation Service has prepared a survey map of Tamworth showing the types of soil which will make possible land classifications in terms of good drainage, ledges, rock areas, swamps, gravel, and hard pan. Areas in which soil will not absorb waste from septic tanks, or where drainage is into streams or wells obviously should not be cut up into small building lots. Tamworth is fortunate in that new aerial photographs were taken of this area as recently as the spring of 1964. The Committee has employed the services of a professional forester to study and interpret the nature of stands of timber in cooperation with the County Forester. This information is being entered on one of the "overlays", and will record the timber resources in Tamworth.

There are three subdivisions or developments in or beyond the planning stage in Tamworth. The Committee recommends that the Selectmen establish an ordinance requiring that plans for any such subdivisions, including maps and lot numbers, be deposited with the Selectmen.

The Planning Committee is aware that the compiling of information is of little value unless it is related to the human and economic needs of the citizens of the Town. Radio, television, super-highways, and air travel are fast eliminating the old ways of life, and make isolation a thing

of the past. How can Tamworth keep the best of the old and make use of the new? Your Committee, with the help of Tamworth's citizens, seeks acceptable answers.

Respectfully submitted,

THEODORE C. BROWNE, Chairman
STEPHEN F. DAMON
LILLIAN C. MCGREW
MARIAN I. SPAULDING
ALEXANDER H. CHAPMAN

BUDGET OF THE TOWN OF TAMWORTH

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1965 to December 31, 1965. Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1964 to December 31, 1964.

TAMWORTH 1964

The following items seemed to require further explanation and therefore this section of the Town Report.

Town Officers' Expenses

Appropriated \$860 00	Expended \$1029 47
Office of Selectmen	\$468 35
Town Clerk	90 53
Tax Collector	418 29
Treasurer	52 30
	<hr/>
	\$1029 47

This item consists of supplies, postage and labor other than that covered by salaries. The selectmen were voted \$70.00 each for assessing at last town meeting and by law are paid for the half day spent at the tax meeting. This year the selectmen took photographs of every house in town to complete their assessment records. This cost \$52.00.

Town Hall and Other Buildings

Appropriated \$650.00	Expended \$619 29
-----------------------	-------------------

This item consists of light, heat, telephone and repairs to the Town House and Town Garage. This year we had the floor painted in the Town House which has been badly needed for some time. Next year we hope to top out the garage chimney and make minor repairs to the Town House.

Police Department

Appropriated \$500 00	Expended \$844.80
-----------------------	-------------------

Most of this expense was wages. This year was a bad year for vandalism, mainly by minors, and dog difficulties.

Fire Department

Appropriated \$3,000 00	Income \$486 87
	Expended \$4,075 08

1964 saw another dry summer with considerable fire danger. While we raised \$100. for Forest Fires at last Town

Meeting we actually spent \$1175.08 of which \$486.87 was returned to us by the State. Through the good work of the Dept. little acreage was burned. The new Fire truck and Fire House were purchased under separate appropriations.

Insurance

Appropriated \$1,400 00 Expended \$1,342 00

In the latter part of this year the Selectmen decided that an insurance plan for the town was necessary. It had been the custom to attempt to divide the various policies among the several agents in town. Since it was difficult under this system to keep track of what was and what was not insured, we decided to give all the insurance to one agent (to be drawn by lot) who would split his commission with the others. Mr. Flannagan was chosen. By making this move several savings were realized. For example, we now get a fleet rate on vehicles. This year's appropriation includes a three year policy for Firemen's insurance because this way we receive about one half year for nothing. The following changes and additions have been made:

The town library fire insurance has been raised from \$4,000.00 to \$8,000.00 This was formerly paid by the library trustees out of their appropriation.

Insurance on the fire trucks was formerly paid from the Fire Dept. appropriation. It is now paid under this heading and the new fire truck is added.

Fire precinct equipment was turned over to the town fire department and insurance on this is now included.

There is a new policy for public liability and fire on the new fire station. While this building is of fire proof construction, considerable damage could be done to it if a truck burned.

The Wonalancet Fire House has been added.

Since liability insurance on all vehicles is written under one policy, the coverage was made consistent on all vehicles and in most cases raised.

Public liability was placed on the town dump, cemeteries and Ordination Rock.

Workmen's compensation now includes all those on the town payroll whereas it formerly included only those working in the highway department.

It was felt that the town treasurer did not have an official office in his house and we have dropped public liability on his house.

The rotary broom and the low bed trailer have been added.

Any buildings acquired through tax collectors deed have been added.

Town Dump

Appropriated \$350 Income \$800. Expended \$939.79

We wish to congratulate our custodian, Mr. James Ames on the fine job he has done for us this year. His job would be easier and the town would save money if people would cooperate and dump over the edge rather than on top which necessitates bulldozing more often. We are all aware that it was a dry summer which made it necessary to keep a fire watch at times, adding to the labor bill. The State has agreed that White Lake dumping creates a problem for the town and went along with our suggestion to pay a yearly \$350. for the use of the dump. We also collected \$200. from a summer camp that found it convenient to dump in Tamworth.

Summer Highway

Appropriated	\$13,000.00	Income	\$152.22
		Expended	\$16,131.34

This summer saw the completion of the mountain road in South Tamworth, a T.R.A. project on Great Hill which is now ready for tar, a T.R.A. and Duncan Fund project

on Page Hill which will be tarred next summer. We attempted to tar as many of the old tarred roads as possible. In the middle of the summer, while replacing plank on the bridge at the foot of Rufus Spaulding Hill, it was found that the bridge was unsafe and a major job was necessary. We felt the cheapest way was to replace the entire bridge with a large culvert which cost \$2,892.12 including labor. The finance committee was notified and approved of our decision.

Winter Highway

Appropriated \$10,000.00 Expended \$13,083.17

While it seemed possible to cut the appropriation from \$12,000. to \$10,000 at Town Meeting, as you all remember there was a bad storm on town meeting day and several storms succeeded it. December was a normal month with two storms to plow. We also purchased \$900.00 worth of salt. More and more people use what were summer places for winter vacations which necessitates additional driveway plowing. The number of driveways is increasing yearly.

This year the following are doing driveways:

Elmer Cummings	Part of Great Hill
Roy Hammond	Wonalancet
Emery Roberts	Chocorua and Rte. 16
John Hidden	Tamworth
Harold Ross	Whittier and Rte. 16
Clifford Streeter	South Tamworth

Town Needy

Appropriated \$2,000.00 Income \$222.10
Expended \$2,615.92

The Plummer account was transferred to the county on September 1. While we have kept it separate, this has been a large item on town welfare over the past five years.

Damages and Legals

Appropriated \$100.00 Expended \$176.82

\$100.00 of this is dog damage (killing sheep). \$25.00 is for collecting dog licenses. Neither of these are necessary. An owner should restrain his dog when told to and it seems unnecessary to spend the town's money to collect dog licenses when the dog owners are notified that the tax is due. The town's lawyer, Mr. Gallagher has a retainer of \$20.00 which is ridiculously low.

The County Tax and Equalization

Our portion of the county tax is determined by what proportion our equalized valuation is to the total equalized valuation of the whole county. Every odd numbered year the State Tax Commission sends an appraiser to each town to determine, by taking a sample, at what percentage the selectmen assess. The 1965 spot check will be based on actual sales of property during the past two years. In 1963 our percentage was determined to be 85%. It is hardly necessary to point out that if our percentage drops with relation to other towns, our share of the county tax and of the school union expenses will go up. At the same time, the assessment on public utilities is based on our equalization. Since public utilities pay 10% of our tax bill this is a matter for consideration. The selectmen are the board of assessors for the town and it is obviously important that the assessments they make be realistic. The county government is rather remote from the voters but we urge all those who can to attend the annual meeting of the county.

Annual Reports and Inventory Blanks

Appropriated	\$750.00	Expended	\$844.27
--------------	----------	----------	----------

The State law requires that an annual report be made by the selectmen showing the financial condition of the town. While only a few reports are required, it has been the policy of most towns to include other information that might be of interest to the taxpayers. Last year the cost of Annual Reports was over \$1 each. It is the feeling of the Selectmen that our present system of distribution is

incorrect. It makes no sense to let one taxpayer have ten copies while ten citizens get none. It is therefore proposed that the annual reports be sent with the inventory blanks, one to each taxpaying family. Those residents who own no property would be mailed reports without blanks. Since it is now the custom to mail inventory blanks, the addressing would be done for the majority in one step and as it is possible to mail these at a bulk rate, the postage cost would be nominal. At the present time only about half the inventory blanks which are sent out are returned. It is the duty of each taxpayer to fill out the blank and return it even though no property changes have been made. Any appeals for abatement of taxes made to the State Tax Commission will be declined unless an inventory blank has been filed. All veterans who wish exemptions are required to file an inventory with their exemption blank.

Tamworth's Bicentennial

1966 is the 200th anniversary of our town charter. The selectmen have asked the Chamber of Commerce to form a committee to make tentative plans and draw up a budget for a celebration of this historic event. The present committee consists of the selectmen, Chamber of Commerce, and a member or two from each of the many organizations in town. The selectmen feel that the steering committee alluded to in the article in the warrant should be either the present committee or one of similar makeup. Present plans include: a parade, band concert, chicken and lobster barbeque, church service at Ordination Rock, street dance, firemen's ball, canoe races, horse show, the erecting of new town line signs, and other events. An event filled Old Home Week is anticipated.

Sources of Revenue

Sale of Town Property

This year five pieces of property were acquired through tax collector's deed. Two of these were resold to their

former owners, one is listed on the inventory of town property, and two were advertized for sealed bid. The Arthur Hayford homestead sold for \$261 and Clarence R. Plummer homestead for \$801.

Yield Tax

The yield tax was changed by the legislature to coincide with the property tax year. The result of this change was that we received only six months income from this source in 1964. 1965 will see a return to a full twelve months income.

Ordinances

The following town ordinances were passed by the selectmen this year:

1. It shall be unlawful to construct or maintain any driveway, entrance or approach within the limits of the right of way of any town highway without a written permit from the town road agent. The road agent is authorized to impose such reasonable conditions as to the grade, location and construction of driveways, entrances and approaches on said highways as will adequately protect and promote the safety of the travelling public and prevent damage to said highways, but he shall in no case deny access to property abutting the highways. No permit shall be required for any existing driveway, entrance or approach unless the grade or location of the same is changed. If the town road agent determines that a culvert is required for such driveway, entrance, or approach the permittee shall pay for such culvert but the same shall be installed at the expense of the town. Whoever violates any provision of this ordinance shall be fined not more than \$20 for the use of the Town of Tamworth.

2. No person shall erect or install a privy or other sewage disposal system without a written permit from the town health officer. The health officer shall impose such

reasonable conditions as to location and construction as in his opinion will protect the water supply of the land-owner and the water supplies of adjoining land-owners and prevent the possibility of contamination of public waters and the tributaries thereof. No privy shall be erected nor shall the outflow of any other sewage disposal system be located within 75 feet of the source of a domestic water supply unless the permit of the health officer expressly so states. Any person wilfully violating this ordinance shall be fined not more than \$10 for each day of continuance or neglect of the nuisance. Any funds so collected to be for the use of the Town of Tamworth.

The selectmen found it necessary to pass the first of these to protect the town roads. With an increase in the number of new houses and more logging operations, in some cases roads were being built without culverts which plugged the drainage ditch, diverting the water onto the road and causing damage.

The New Hampshire health laws state that the selectmen *will* pass ordinances protecting the health of the residents of the town. This year saw several subdivisions of property into small lots by developers. In some cases the size of the lot would make it impossible to obtain water and dispose of sewage on the same lot without contaminating either one's own water supply, that of one's neighbors, or a public water course. Since our lakes and rivers are two of our major assets for recreational purposes, we feel strongly these must be protected. The State, which has made great strides in cleaning up Swift River, has expressed approval of this ordinance. Mr. Alexander Chapman was appointed Sanitary Inspector.

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers,

Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

TAMWORTH OUTING CLUB, INC. ACTIVITIES REPORT

March 1964 to March 1965

Tamworth Outing Club has continued to carry on its purpose of promoting out of door sports and recreational activities throughout the past year.

A successful fishing derby for young anglers up to the age of 16 years was held with the opening of the trout fishing season.

After twenty-five years as Caller at T.O.C. Square Dances, Ned Behr bowed out, but acted as supervisor of the dances with Charlie Hurl from Eaton as Caller. There is no doubt that Ned's familiar voice calling the familiar dances was greatly missed by the young dancers, especially on the first few Thursday evenings at Tamworth Elementary School gym. Serious thought is being given to the construction of a new building which would replace Huckins Barn and create the desired "farm atmosphere" for square dancing. A suitable location and financing are important factors which must be taken into consideration.

The Annual Tennis Tournament was held over Labor Day weekend. The junior events were managed by: Ted Alt, Annie Spaulding, Dana Steele and Jean Gucker.

With the autumn came the Trap and Rifle Shoots. Two Trap Shoots were held in Huckins field and one Rifle Shoot in Roberts gravel pit. All shoots were well attended and seemingly much enjoyed.

The Village Christmas tree was brightly lighted during the Christmas Season — cut and erected by T.O.C. members.

Skis were scraped and lacquered to be given out to school children before Christmas vacation with hopes of

much snow and good skiing. January was a poor month, but with more snow 82 children are enrolled in Ski School with 3 instructors from Tamworth and 5 instructors from Whittier Ski School. We are indebted to the Tamworth Foundation for helping with this worthwhile activity.

New Year's weekend, Jan. 2 and 3 brought the New England Sled Dog Races back to Tamworth and to Chocorua Lake. This was the largest race ever held in Tamworth. Through the efforts of the Committee members and other interested persons, the races have become more than self supporting; and more important, an event which we hope is coupled in the minds of townspeople and visitors with New Years and Tamworth.

Along with Ski School, Page Hill got off to a late start, but winter in New Hampshire without snow is unheard of and being a north slope, skiers may gather there after other slopes have shut down.

T.O.C. wishes to thank all who have participated in activities and helped in other ways to make our recreational and sporting endeavors a part of the community life.

COOK MEMORIAL LIBRARY

The Cook Memorial Library lost a dedicated librarian when Mrs. Helen Hidden died in the spring of 1964. She had held the position for over thirty years with a gentle courtesy and knowledgable interest. The contributions given in her memory by her many friends and admirers are being used to buy books on music, nature, square dancing, birds and other subjects which were of particular interest to her. These books will be kept in a separate section of the library, with a memorial plaque placed over them.

Miss Cynthia Damon took over the duties of librarian during her summer vacation from High School, and served faithfully and ably.

Since September, approximately 250 books were borrowed from the Bookmobile and through the Co-operative Book Buying group, 19 books were purchased. There have been many gifts of non-fiction and fiction and the circulation for the entire year totals 3,216 which includes books for children.

Through the generosity of Mr. and Mrs. Francis G. Cleveland, the library now has an oil burner, and Mr. Harold Hidden continues as janitor.

The trustees and librarian are grateful to the Tamworth Foundation for its annual donation, and to the Garden Club for keeping the window boxes filled with decorations suitable to the season of the year, as well as for the wreaths provided at Christmastime.

Respectfully submitted,
ELIZABETH S. SPICER
Librarian

The trustees of the library feel very fortunate in having secured the services of Mrs. Rolf Spicer as librarian.

**WARRANT
FOR ANNUAL MEETING
OF TAMWORTH SCHOOL DISTRICT**

To the Inhabitants of the School district in the town of Tamworth qualified to vote in district affairs:

You are hereby notified to meet at the Tamworth School in said District on the 30th day of March, 1965. The meeting will be in two parts:

- I. In order that the following five articles may be legally voted on by Australian ballot, you are hereby notified that the polls will be open for this purpose from 2 P.M. of the clock on said day.

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the coming three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To choose Auditors for the coming year, and to choose five members of the Advisory Committee for ensuing two years.

- II. The meeting will reconvene at 7 p.m. in said School to act on the following articles and any other business which may legally come before the meeting.

Article 6. To see what time the polls shall be closed.

Article 7. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Article 9. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

Article 10. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the District.

Article 11. To see if the district will vote to authorize the School Board to make application for and accept in the name of the school district for educational purposes such funds or grants-in-aid as may be obtainable from the State or Federal Government or any department or agency thereof, or any other sources.

Article 12. To see if the district will authorize the school board to accept in the name of and in behalf of the school district any other gifts.

Article 13. To transact any other business that may legally come before said meeting.

Given under our hands at said Tamworth this — day of March, 1965.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

We are pleased that Tamworth has become a part of School Supervisory Union No. 9. This larger administrative unit, which came into being on July 1, 1964, was established by the N. H. State Board of Education for the purposes of providing more and better education to all children and youth of this area.

We have responded to the new and exciting challenge for the supervision and administration of the Tamworth Elementary School with the knowledge that Tamworth deserves an excellent school program. In the few months that we have worked with the staff, we have begun to learn some of the areas that are strong and some that will need reinforcement and adjustment.

For the second semester we have completely revised the teaching schedule for the teachers in grades 6, 7, and 8, taking full advantage of the teachers' major fields of interest. Through a loan of Science textbooks from the Conway School District, we hope to bring this vital matter up-to-date. Science textbooks previously in use were extremely outdated.

Under the leadership of the Assistant Superintendent of Schools, the teachers of Tamworth have been involved in studying the latest textbooks in Modern Mathematics and Science. A new Math and Science series will be adopted next year throughout the union.

Quite often there is a tendency to point out the good and the strong features of a school program. This I will be happy to continue to do: Any deficiencies and weaknesses that exist will also be reported frankly.

Tamworth has an excellent school plant and it is well equipped. These are important but not the most important.

The quality of your teaching staff will actually determine the kind of an education your children will receive.

Preceding this report are two pages which give some information on (1) the property tax assessment for schools over the last ten years in Supervisory School Union No. 9, and (2) the salaries paid to teachers in school districts of comparable size and only in one instance is there a school district that has slightly more wealth.

I have enjoyed working with your School Board. They devote much more time to the performance of their duties and responsibilities than most people realize.

Our aim is to continually work toward the improvement of the instructional program in Tamworth, but at no point are we thinking of isolating the academic development of children. We must educate and develop the "whole" child, his character, a love for his country, and a respect for his family.

Respectfully submitted,

DAVID APPLETON
Superintendent of Schools

IN APPRECIATION

The Tamworth Elementary School is very proud of its two new additions, a classroom and an all-purpose room used principally as a library. The Tamworth Foundation gave this wonderful gift in memory of Miss Ruth Wilson, the generous benefactor whose will made possible this, and many other benefits to the town and school. In behalf of all Tamworth citizens, the School Board wishes to express its deep appreciation.

REPORT OF THE TAMWORTH SCHOOL LIBRARY

When the library year began the books were kept on shelves in the hall as they had been since the library program started. By November the handsome Ruth Mary Wilson room, a gift of the Tamworth Foundation to the town, was ready. With the faithful assistance of Ronald and Robert Streeter, plus members of the staff, we moved into our new quarters.

Mrs. Damon resigned as librarian. Mrs. Mather accepted the job with Mrs. Damon and Mrs. Hoag as assistants. Members of the P.T.A. also help each week by putting the returned books back on the shelves the day before library morning.

Our library has been expanding with purchases made possible through the kindness of the Foundation and from gifts received in memory of Mrs. Atwood, Mrs. Bogart, and others. We have also been given books by persons interested in our children. The Lions Club was most generous in making it possible to purchase a set of the Encyclopedia Britannica. The Town Library and the State Bookmobile add to the number and variety of books we can offer the children.

MRS. HARRY DAMON
MRS. JOHN HOAG
MRS. SYDNEY MATHER

REPORT OF THE SCHOOL NURSE 1964

Physicals at North Conway Hospital	59
Physicals with Dr. Remick at the school	113
